

CD RECEIVERS

Audio quality comes first — all your music sounds great, all the time!

CDE-154EBT

CD RECEIVER WITH ADVANCED BLUETOOTH®

- 50W x 4 High power amplifier • Bluetooth® hands-free & audio streaming • Tunelt app ready for iPhone & Android
- App direct mode for iPod/iPhone • MP3/WMA/AAC playback • MediaXpander® • 9-Band Parametric EQ • High-pass & Low-pass filter • Rear USB port with 1000mA charging support • Front AUX input (3.5mm mini jack) • 3 PreOuts (4 Volts) • 2 line LCD • Multicolor Illumination with over 150,000 color variations (for display and button illumination) • Non-shutdown design for vehicles with start-stop engine system • BASS ENGINE SQ (6-level adjustment) • 24-Bit DAC

CDE-153EBT

CD RECEIVER WITH ADVANCED BLUETOOTH®

- 50W x 4 High power amplifier • Bluetooth® hands-free & audio streaming • Tunelt app ready for iPhone & Android • App direct mode for iPod/iPhone • MP3/WMA/AAC playback • MediaXpander® • 9-Band Parametric EQ • High-pass & Low-pass filter • Front USB port with 1000mA charging support • Front AUX input (3.5mm mini jack) • 3 PreOuts • Non-shutdown design for vehicles with start-stop engine system • BASS ENGINE SQ (6-level adjustment) • 24-Bit DAC

CDE-152E

CD RECEIVER / USB AND iPod CONTROLLER

- 50W x 4 High power amplifier • App direct mode for iPod/iPhone • MP3/WMA playback • 3-Band Parametric EQ • Low-Pass filter • Front USB port with 1000mA charging support • Front AUX input (3.5mm mini jack) • 3 PreOuts • BASS ENGINE SQ (6-level adjustment)

CDE-151E

CD RECEIVER / USB AND iPod CONTROLLER

- 50W x 4 High power amplifier • App direct mode for iPod/iPhone • MP3/WMA playback • 3-Band Parametric EQ • 10-mode Preset EQ • Low-Pass filter • Front USB port with 1000mA charging support • Front AUX input (3.5mm mini jack) • 2 PreOuts • BASS ENGINE SQ (6-level adjustment)

CDE-150E

CD RECEIVER / USB CONTROLLER

- 50W x 4 High power amplifier • MP3/WMA playback • 3-Band Parametric EQ • 10-mode Preset EQ • Low-Pass filter • Front USB port with 1000mA charging support • Front AUX input (3.5mm mini jack) • 2 PreOuts • BASS ENGINE SQ (6-level adjustment)

Remote Control Included for

/-152E/-151E/-150E

RUE-4350

MULTI-FUNCTION WIRELESS
REMOTE CONTROL

BASS ENGINE SQ for Best Bass Sound Quality

The BASS button gives you direct access to advanced bass adjustment. Choose one of the six levels to automatically adjust frequency cutoff, Q factor and subwoofer level for best sound quality. Unlike normal bass controls, it also sets the best midrange and treble levels to maintain total sound balance. You can set five preset levels for quick selection, then do fine-tuning within each preset.

CDE-W235EBT

2-DIN CD RECEIVER WITH ADVANCED
BLUETOOTH® / USB AND iPod CONTROLLER

- 50W x 4 High power amplifier • Bluetooth® hands-free & audio streaming • Made for iPod/iPhone • MP3/WMA playback • 3-Band Parametric EQ • 10-mode Preset EQ • High-pass & Low-pass filter • Front USB/AUX input • 1 PreOut (subwoofer output selectable)

CDE-148EBT

CD RECEIVER WITH ADVANCED BLUETOOTH®

- 50W x 4 High power amplifier • Bluetooth® hands-free & audio streaming • Tunelt app ready for iPhone & Android • App direct mode for iPod/iPhone • vTuner for iPhone compatible • MP3/WMA/AAC playback • MediaXpander® • 9-Band Parametric EQ • Digital time correction • Crossover settings • Rear USB connection • 3 PreOuts (4 Volts) • High resolution display

CDA-137EBT

CD RECEIVER WITH ADVANCED BLUETOOTH®
/ USB AND iPod CONTROLLER

- 50W x 4 High power amplifier • Bluetooth® hands-free & audio streaming • Made for iPod/iPhone • USB cable & USB-iPod cable included • MP3/WMA/AAC playback • MediaXpander® • 24-bit DAC • 5-Band Parametric EQ • 7-Band Graphic EQ • Digital time correction • IMPRINT ready with PXA-H800/H100 • Rear USB connection • 3 PreOuts (4 Volts) • Biliote display

CDE-W233E

2-DIN CD RECEIVER WITH USB AND
iPod CONTROLLER

- 50W x 4 High power amplifier • Made for iPod/iPhone • MP3/WMA playback • 3-Band Parametric EQ • 10-mode Preset EQ • High-pass & Low-pass filter • Front USB/AUX input • 1 PreOut (subwoofer output selectable)

PXA-H100

IMPRINT SOUND PROCESSOR

- Works with IMPRINT ready head units • Audyssey MultEQ sound optimisation • 24-bit DAC • 5-Band Parametric EQ • 7-Band Graphic EQ • MediaXpander® • 3-way/2-way crossover settings • Digital time correction • Subwoofer phase control • IMPRINT sound calibration requires KTX-H100

TuneIt **f** **iPod** **iPhone** **MirrorLink** **LED** **24-bit** **4V PRO LOGIC**

- iPod video playback (requires KCU-461IV) • DVD±R/RW/Disk Playback • USB Video Playback • LED 7" WVGA touch screen • 4 x 50W High Power Amp • CD-R/RW/MMA/MP3/AAC Playback • Dual Zone Playback (Independent AV output for rear monitors) • TuneIt Ready (with iPhone and Android) • BASS ENGINE SQ • 3 PreOuts (4 Volts) • 9-band Parametric EQ • Preset Equalizer (10 modes) • 6-Channel Digital Time Correction • Crossover settings • MediaXpander® • 24-bit DAC • Built-in high-performance Navigation System • Voice Guidance in 29 Languages • Text to Speech (TTS) in 15 languages • High resolution maps with Anti-Aliasing and 3D landmark icons • 3D City maps • Enhanced POI database • GPS Antenna included • Digital Optical Output • Made for iPhone and iPod • USB connection • Built-in Bluetooth® Module • Advanced Bluetooth® Functions • Direct camera port (with adjustable distance guides) • DVB-T Tuner Ready • Steering Wheel Remote Control Ready • Remote Control Ready • 2x Rear A/V input, 1x output • My Favourites Customization • Microphone Included • Menu Language Selection (Thai, English, Arabic, Indonesian, Malay, Chinese) • USB Cable Included • 5 Background colors selectable

HDMI High Quality Connection

HDMI uses a single cable to provide high-speed, top quality signal transmission for high resolution video and super-clear multi-channel audio. This gives the INE-W957E a big advantage for connecting your smartphone and makes your entertainment system easier to connect, control and upgrade.

Optical Digital Output/Input

Alpine models with optical digital output and input take sound quality another step higher. "Optical" means that the signal is transmitted by light waves, which is faster and can handle more digital information. It's one more way that Alpine delivers the highest possible sound quality.

- 10.2" WVGA Screen LCD Color Monitor (1.15 million pixels) • Visual EQ™ • 7 colors adjustable Dome light • 1 AUX in • Dimmer: Day/Night/Auto • Menu Language: English

Plasmacluster Keeps Everyone Comfortable and Refreshed

- Reduces Static Electricity**
Outputs ions to reduce static electricity and prevent pollen from sticking to clothes and cabin.
- Improves Face Condition**
High density ions give luster to the skin. Especially good when the air in the car is dry. Ladies love this!
- Purifies the Air**
Sanitizes the floating mold bacteria in the cabin, and suppresses airborne viruses and bacteria.
- Deodorizes the Cabin**
Decomposes and removes the unpleasant odor of food and tobacco in the car.

CAMERA SYSTEMS

Expand your sight range to the front and rear — makes driving safer and easier.

HCE-C212F

FRONT CAMERA

- Wide angle camera unit • Multi view mode selection (corner view, ground view and panorama view) • Automatic metering and white balance adjustment • Direct connection possibility • Angle of fields: 185°(horizontal), 144°(vertical) • Mirror imaging (NTSC) • Switch & control box includes for combination with HCE-C210RD

HCE-C210RD

REVERSING CAMERA

- Wide angle camera unit • Multi view mode selection (rear view, corner view, ground view and panorama view) • Automatic metering and white balance adjustment • Direct connection possibility • Angle of fields: 185°(horizontal), 144°(vertical) • Mirror imaging (NTSC) • Switch & control box includes for combination with HCE-C210RD

HCE-C157D*

DIRECT ALPINE CAMERA

- Wide-view camera unit • Automatic metering and white balance adjustment • Angle of fields: 190°(horizontal), 150°(vertical) • Mirror imaging (NTSC) • Head unit direct connection
